

Spring 2018

Saturday 12th May Carding Mill Valley

(in cooperation with the National Trust)

Join us for a day's duck racing down
the stream.

Great prizes, and more fun than you
can imagine.

Looking for Help?

*Energy bills – swapping supplier -insulation –
renewables – smart meters – electric cars*

Drop-in advice sessions

**The Health and Wellbeing Centre,
Easthope Road, Church Stretton**

Thursdays 10.00 a.m. to 12 noon

What Can We Do About Plastics?

A talk by Alison Thomas

Wednesday 18th April

7.30 p.m.

Church Stretton Methodist Church

Useful, long-lasting, and as David Attenborough has shown us, it is hurting our planet. In land-fill, it can last for hundreds of years.

Recycling is better, but not all plastics can be re-cycled. In Shropshire, plastics are burned, creating extra carbon emissions.

Companies, shops and supermarkets are increasingly aware of the issue, and many are taking positive steps.

Can you do the same?

Commit to reducing plastic in your life.

**Use your power as a consumer to bring
about change**

Make a difference now!

Last chance for grants

ECO funding for insulation, replacement boilers is only available for a few more months. Eligibility is limited, but there is support through Keep Shropshire Warm.

Check with us.
