

Climate Change

is happening NOW and having an increased impact on us all.

Summer heat waves

Wetter Winters

Greater extremes of weather

Increased risk of flooding

What You Can Do

- Most households can reduce their energy bills with a little advice from our team of trained volunteers.
- You can easily reduce energy consumption, lighten your carbon footprint and at the same time help reduce climate change.
- With heating and electricity bills rising year on year, now is the time to take some positive action to discover ways of saving ££'s off your energy bills.
- Many of the things you can do are easy, cost little or nothing and can make a real difference.
- Many people are reluctant to take the first steps towards energy reduction but it really is easy and doesn't necessarily mean dramatic changes in your life style.

Registered charity, No. 1159816
dedicated to reducing carbon emissions in the
Strettons

July 2021

Are You Concerned About:

rising fuel bills?

our impact on the climate?

our impact on the environment?

sustainable living?

retrofitting your home to make it

zero carbon ready?

We are Here to Help
the Community to
Take Action to:

save money,

save energy and

save the environment.

Stretton Climate Care is a registered charity run by the community for the community.

Our **Aims** are:

- To support local people in reducing emissions, and eliminating fuel poverty.
- To raise awareness of issues concerning climate change and the need for action.
- To promote a culture of climate care through reducing energy consumption, encouraging the generation of local renewable energy, and advancing a more sustainable lifestyle.

We offer independent and unbiased advice on:

- Heating, including air source heat pumps
- Lighting
- Insulation
- Draft proofing
- Energy efficient household goods
- Smart meter advice
- Renewable energy systems
- Water saving
- Discrete and confidential advice for those struggling to heat their homes
- Electric cars
- Energy Company swapping
- Understanding energy bills
- Understanding your heating controls
- Retro fitting your home to make it zero carbon ready

We can also offer advice on renewable energy sources and Government support.

Get a Free Home Energy Check

We offer a **FREE Home Energy Check**, to anyone living within a SIX mile radius of Church Stretton, and provide an estimate of your **Carbon Footprint**. This is how it works:

- Contact us for an appointment
- One of our survey team will call on you to gather information about your home energy use.
- At a follow-up visit you will be presented with a report and how you can reduce your energy costs will be carefully explained.
- We can also provide continued advice as and when required.

Our website contains many information sheets on a wide range of subjects

Why not join us?

- We organise events, exhibitions, films and talks
- We hold an annual Duck Racing day
- We organise an annual Electric Car Day
- We also aim to have fun and involve everyone
- Join Stretton Climate Care and make your contribution towards helping to tackle Climate Change
